MC Interviews...STEVE ERAMO

(Steve is Editor and Founder of *ALPHA NEWSLETTER*/5 Kimball Dr/Stoneham, MA 02180)

Would you tell us a little about yourself, Steve? I was born in Cambridge, MA in 1961 and moved to Stoneham when I was around six. I graduated from Stoneham High School in 1978 and am currently in my second year at the University of Massachusetts/Boston majoring in English. I enjoy writing, reading, drawing, theatre, tennis, bowling, mystery/detective novels, and TV series, and, of course, science fiction. As far as life ambitions, I guess finish school with an English degree, get to England next year, and just basically continue meeting new friends and enjoying life.

How long have you been doing AN, and how long do you think you'll continue to do it? It's been four fun (and a little hectic) years doing *Alpha Newsletter*. I will keep on doing the newsletter as long as there's an audience out there for it.

Do you notice any difference between fan attitude now and when you first started publishing AN? I think *SPACE* fandom is a lot more structured now. People are getting to know each other which is most important in fandom. I also feel people are more outgoing now, want to keep up with things and become involved in fandom. I was a bit scared at the beginning of the year (and actually thru 1979 also) because I felt fan attitude was declining drastically, and there was a time when I thought I'd have to shut *AN* down, but things are looking up now and I have an even more positive attitude toward what's happening now.

What is the hardest part of doing a zine, and the easiest? I think the hardest thing is just deciding what to put in each issue. You have to try to have a variety of things in a zine in the hopes of entertaining all that read your work. The easiest thing is bringing it (the newsletter) up to the post office to be mailed.

I'll put you on the spot now...do you have a favorite 1999 character? While I enjoy all the characters on *1999*, I have to admit I do have some favorites. Alan Carter for one, the sort of character one can look up to and identify with. Sandra Benes is a wonderful character...what more can I say? Paul Morrow, a strong character with a balance of strength and vulnerability. Bob Mathias, my favorite doctor on Alpha. And Bill Fraser, another character one can identify with and one people can care about.

What, in your opinion, is the best thing that's come out of fandom and what do you enjoy most? I think the dedication and hard work are the best product from fandom. Again, everyone making a contribution to keep *SPACE* fandom going. I enjoy putting out the newsletter of course, but I think my favorite thing about fandom is just meeting people and making new friends.

You write a lot of short stories. How many have you done and do you have a favorite? Seven stories in all. This is another interesting aspect of fandom, being able to continue *SPACE:1999*, while maybe not on TV but in print. My favorite stories would probably be *A Minor Conspiracy* because it involved all the secondary characters; also *To Save A Life* because it concentrated almost totally in the medical section.

How important is fandom to you? Can you see a time when you're no longer active in it? I feel that fandom and, of course the people involved, have a special place in my life. Fandom is fun, interesting and, in some respects, challenging. I don't see any time, at least in the near future, that I will not be active in fandom. Besides *SPACE*, I'm involved in *Avengers*, *Professionals* and of course *Dr. Who* fandom. So I still have a lot to keep me busy.

(cont. on pg. 2)

MC Interviews...*(cont. from pg. 1)*
Do you have any general comments about 1999 or fandom? Let's just keep it going, gang!

(Thanks, Steve, for taking the time to do this interview. Next issue *MC* will interview [heaven help us!] the Georgia Delegation. Your nominees for future interviews are welcome.)

From the Editor

Sifting through the stacks of papers to organize for this issue brings to mind the early days of deciding whether to do a regular Alliance newsletter. We wondered if we could possibly have enough to say to warrant a publication or if we'd end up using lots of meaningless 'filler'. Well, here we are almost at the end of a second volume and we've not yet been at a loss for new material. Your response to *MC* has been supportive and encouraging, an indication that we are serving your needs and that we are a solidly established and respected organization. We've come a long way from the days when *1999* fans felt intimidated, and maybe even a little ashamed, when they said they liked the series. Practice this phrase on a friend or two today, look them in the eye and say it proudly...

1999 LIVES!
Mare

Buck's Back, Galactica's Gone

Good news and bad. *Buck Rogers* fans are overjoyed with the renewal news. A few changes are coming up though: *BR* will be slanted more toward adults, more toward drama rather than SF, and is moving to Saturday evening. Unfortunately for its many fans, *Galactica: 1980* has been officially declared dead.

Catherine Schell Ad

Member Martin East (Bucks, England) writes: *I am currently enjoying watching out for one of the "Phillips" electrical adverts on TV. Catherine Schell appears in it, and appropriately at the end she says "changing science fiction into science fact"!*

Members Speak

Last month, ALIEN ATTACK was aired on the CTV network. The cast were at their finest along with the special effects, which I think were the best in the first episode, many of them never seen throughout the series. There was one difference from the show which might disappoint some fans, but to me seemed to fit in more with the rate of development of our space program. The date was changed from the year 1999 to 2100. I managed to record it, so if any eager fans want it, just write me. *Viktor Jutasi/117 First Ave/ Ottawa, Ontario K1S 2G3 CANADA*.....I think BLACK HOLE was one of the greatest SF feature films of all time, and that it offered everything a topnotch SF production should offer: a superb script, an excellent cast, a marvelous John Barry score and magnificent SpFX. As to Mr. Tom Sorlie's denunciation of GALACTICA:1980 as "trash", there's only one piece of advice that I can offer him: don't watch the show. *Allen Jones, Port Arthur, TX*..... FANTASTIC. I love DR. WHO. The SpFX are surprising for the limited budget they use. The stories are interesting and imaginative and contain some surprising twists. *Lenore Dunlop, Seaford, NY*.....BRAVE NEW WORLD was good but I think it might have been better if it was cut down. *Patty Fontana, Garfield Hts, OH*.....I thought BRAVE NEW WORLD was unusual but it was the best made for TV movie I have seen in a long time. THE ALIENS ARE COMING was dead to begin with. The script writer, well, died two years before. *Ann M. Murphy, Rock Island, IL*.....THE ALIENS ARE COMING (is) a very good story, special effects that are not stupendous but very convincing. The aliens are especially well done. Excellent script and performances by the cast. This could be an interesting and exciting weekly series. If you like it, let NBC know. *George Melanson, Moncton, New Brunswick, Canada*

The Presidents on Con '80

We'd like to let you know how things are progressing. At this time we have 9 tentative guests and one very interested person. What is a tentative guest? A tentative guest is one who has received an invitation and who has replied that if his/her schedule permits, he/she would be very interested in coming. We have received some negative feedback concerning our policy of inviting guests from other shows. It can be clearly seen (see Update 2) that the *1999* guest stars outnumber the stars from the other series by 8 (and possibly 9) to 1. The voiced opinion that this will be just a general SF con is quite obviously wrong. We had hoped, however, that, unlike some other fan groups, the fans of *1999* would be open-minded enough to realize that there are other SF shows as good as *1999* in existence, and confident and strong enough in their own undying loyalty to *1999* to actually enjoy having stars from other shows present. We have been asked if we don't feel the *1999* guests are a big enough draw. Out past two cons are all the answer we need. The people who come to see the other series stars may help us to bring over an additional *1999* guest, but it is the multitude of *1999* fans which allowed us to bring the stars we have in the past. We feel sorry for anyone who does not come because of the "other SF" guests. It will mean fewer *1999* fans, which will not look good for *1999*, and this year we need all the fans we have. Our tentative guest list is the largest we have ever had and, with airfares seeming to rise almost daily, unless we have a large turnout, we may be forced to tell some of our guests that we cannot afford to bring them. We are waiting to hear from you. Please let us know as soon as you can.

Con '81 Site Survey

The choices are narrowed down to six cities: Altanta, Boston, Cincinnati, Chicago, St. Louis, and Los Angeles. A vote will be taken at Con '80; if you are not attending, send your choice to headquarters by July 1. Con '81 location will be announced at Con '80.

Poll Results

The results of our informal poll (If given a choice, would you prefer a third season of *1999*, an original *1999* theater movie, or a completely new Gerry Anderson series?) shows an almost unanimous call for a third season for TV. Member Chris Hantzopulos (Brooklyn, NY) summed up very well the general feeling: *I don't think one film would be enough to satisfy our appetites, and might not even appeal to everyone. Although we'd all like to see a new G.A. production, I think that the stars and characters of* SPACE *are too dear to us for us to choose to see anything else but a continuation of their saga, if given a choice.*

SPECIAL ANNOUNCEMENT---In honor of Con '80, there will be a full moon on Sunday, July 27. Every true Alphan will want to go out and wave hello.

N.E. Section Rep

Christine Hantzopulos has been a Section Rep since last September, but a great *1999* fan right from its start. Chris is 17 years old, going into her senior year in high school. Her main interests are astronomy and writing. An admirer of the Landaus and Nick Tate, Chris writes, "I'd love to see *SPACE:1999* fandom grow to the same proportions as *Trek* fandom, and I think that's what our goal should be."

Alphans Are Real People

Negotiations are now underway with NBC's *Real People* for coverage of Con '80! This could be our greatest opportunity to let everyone know *1999* lives. *Real People* has been high in the ratings week after week and they are shown in prime time nationally, so it's now more important than ever that all of us make every effort to attend Con '80, in costume if possible for those wild and crazy looney runs.

CONVENTION '80 UPDATE 3

SPACE:1999 CONVENTION '80 * JULY 25-27, 1980 * COLUMBUS, OHIO

ANTON PHILLIPS WRITES THAT HE WILL ATTEND CON '80 IF AT ALL POSSIBLE!.....AN INVITATION HAS BEEN SENT TO ED BISHOP, COMMANDER STRAKER IN THE U.F.O. SERIES.....TOM BAKER IS NO LONGER ON THE CONVENTION INVITATION LIST.

HOTEL RESERVATIONS Send a legal size SASE to HQ for a hotel reservation card. If you do not use a card, be sure the hotel knows you are with the con to assure the Alliance of the best rental rates for the con facilities. A map and directions will be printed in the next update.

CON SCHEDULING Registrations opens at 10am Friday, but dealer's room won't open until noon. The formal con opening and guest intros will be late afternoon or early evening. The banquet will not be on Friday night; watch Update 4 for the new time.

BANQUET Lots of tickets are still left. Please note that the stars will sit with the fans, not on a podium. Profits from the banquet will bring another star from England.

CON TRANSPORTATION The Southern Con-voy needs more drivers! Contact Alice Newsom/130 Chris Dr/Warner Robins, GA 31093. Cost is $50.00 round trip from Warner Robins to Columbus. (Airfare would be $160.00.)

LOONEY RUNS If you have a costume and plan to participate in the Looney Runs, please write to Tod Ellsworth/3691 Sheridan Rd/Portsmouth, OH 45662. Send your name, what type of costume you'll wear, and day and time of arrival in Columbus. Also, anyone willing to sew costumes for other fans should write to Tod.

REAL PEOPLE AT CON '80 There's a very good chance we'll be covered by this national network program. Costumed Alphans (and others) are needed to make this coverage a success and assure widescale publicity for our favorite series.

COSTUME CALL Don't be left out of the best part of the con...wear a costume this year. It doesn't have to take a lot of money, just a lot of imagination. One member, who shall remain nameless, almost decided to tie an inner tube around her and come as a space station. See what we mean? Here are the rules and procedures for the competition:

RULES:

1. No previous year's winners (costumes) may compete for prizes. They may enter in the display category where no prizes are awarded.
2. No professional, studio-made or store-bought costumes may be entered, except in display. Patches, insignia and props are exceptions to this rule.
3. No overly bare costumes, or costumes of questionable taste.

PROCEDURE:

Each contestant will be introduced and will walk across the stage. The person or persons will then model the costume, then leave the stage. Each contestant will then proceed to a designated area where they will pose for pictures. Flash photography will be allowed only in this area. No flash pictures will be allowed from the audience.

Contestants in the skit category will model their costumes with their respective categories. After all the contestants have modeled their costumes, the judges will leave and the skits will be presented. The skit competition will be judged by the audience.

All costume entries are required to pre-register. For registration form, write to Alice Newsom/130 Chris Dr/Warner Robins, GA 31093.

AMATEUR FILM CONTEST Prizes so far are $100.00 worth of slides from the Piri Press sales table and a year subscription to CineMagic magazine. So far we've only one entry in the contest. Please contact HQ right away if you are working on a film to enter. Deadline for registration is July 10; a $2.00 entry fee per film is required.

FAN CLUB STAR INTERVIEWS Fan clubs or newsletter editors who would like to interview the stars should contact HQ to reserve a time during the con. Also, any clubs wanting to reserve meeting times during the con should inform HQ immediately.

FAN CLUB EDITORS MEETING A seminar will be held to discuss planning fan clubs, editing newsletters and zines and other related topics. This informal meeting will feature a panel of fan editors and club presidents.

GENERAL CON INFO For ticket prices, rooming service info, other tentative guest lists, and special addresses, see Updates 1&2. Remember that pre-registration is required for the art show and auction.

MORE CON-SERVATION TIPS Here are a few more money saving tips sent in by Tod Ellsworth and Ann Hester.

*Buy plenty of film and flashbulbs at home in local discount stores. The same goes for recording cassettes and batteries. If you're unfamiliar with Columbus you could waste a lot of time looking for these supplies or have to pay 'camera store prices'.

*Need to let family or friends know you arrived safely at the con? Leave instructions that you will call collect for yourself to signify your arrival. Of course they will say no one is home to accept and hang up and this system doesn't cost a cent.

*If you can share a ride with one or more, do it! You'll travel cheaper than a bus.

*If you must fly, make reservations NOW. Call the airlines or a travel agent and ask for excursion rate or SuperSaver - or just say you want the cheapest rate they can give you. Here's one example of how much you can save: on a recent trip from GA to NY, the tourist fare was $225; booked well in advance and paid for 2 weeks prior to the trip, the excursion fare came out to $160. All that saved money could sure come in handy at the auction or dealers room!

Here are a few more ideas that may not save money, but they will save lots of hassles:

*Plan out your packing list (write it down) and coordinate with your roommates. Who needs 4 hair dryers in each bathroom?

*Keep a pen with you at all times--especially for autographs or writing down addresses.

*Always carry Lifesavers or gum...never know when you'll come face to face with a star.

*Take a few minutes now and think about questions you'd like to ask the stars during their lecture sessions, and write them down. Besides, if you're too timid to ask the questions you can always get a friend to do it for you.

*Try to remember that, though they seem like much more, the stars are only human and all are quite easy to talk to. If you feel tongue-tied, a simple smile is sometimes all it takes to break the ice.

1st Annual Fan Award

Have you sent your vote in yet for the Fan Award? Check *MC*5 for the list of nominees and send your vote to Fan Awards/5 Lamson St/E Boston, MA 02128. Please remember that this award is not a popularity contest, but an award of recognition for significant contributions toward *SPACE:1999* awareness. Each Alliance member is eligible to cast his or her vote and make this a truly representative award. The winner will be announced at the joint MMA/Alpha Newsletter meeting at Con '80. Please note: DEADLINE FOR VOTING IS JUNE 30, 1980. Send your vote (a postcard will do) today; balloting is strictly confidential.

> MARGARET SAYS: The deadline is coming up mighty quick. Have you got your con reservations yet?

Got something to say? Send your views and comments by June 15 for the final issue of *MAIN COMPUTER* this Alliance year. Let's hear from everyone!

Dear Tony,

Thanks so much for the Space:1999 books! We really appreciate it! That was a very thoughtful contribution. It was a very surprise package indeed.

Write after the con and will let you know how much they went for.

If we have room in MC or at the con will list all contributors names. At least your name will mentioned as the donor at the auction. If that is okay with you?

Sincerely,
Kathy VonKamp
